CAREER OBJECTIVES

Passionate ReactJS Developer with a strong understanding of modern frontend technologies. Seeking to contribute to dynamic, user-friendly web applications while continuously expanding my skills in React and the broader JavaScript ecosystem.

SKILLS

English

ASP.NET

ReactJS

MVC Pattern

AGILE/SCRUM

Teamwork

Problem solving

WORK EXPERIENCE

ROOKIE TO ENGINEER PROGRAM

NashTech 04/2024 - 07/2024

- Learned and applied the .Net and ReactJS framework in web development projects.
- Participated in a mock project simulating a real-world development environment using Agile methodology.
- Collaborated with a full team including developers, quality controllers and a project manager to deliver project milestones

DATA PROCESSING COLLABORATOR

Torus Engineering 03/2022 - 03/2023

- Searched for and processed images to train AI in the medical field.
- Filtered and categorized images from English textbooks
- Acquired skills in machine learning, reading and comprehending English texts, and effective collaboration and teamwork.

PROJECTS

Asset Management Website

Full-stack Developer

<https://github.com/phamthanhhungpro/AssetManagement>

Worked in a Scrum framework to develop a comprehensive asset management web application to streamline the tracking and management of assets within an organization. Technologies used include

- .Net framework
- ReactJS, TypeScript

Movie Streaming Website

Frontend Developer

<https://streamberry-dt0210.web.app>

Developed a movie streaming platform using ReactJS. Integrated TMDB API to fetch and display movie details such as titles, descriptions, and ratings. Utilized a third-party movie streaming host's API to embed and manage movie players.

- ReactJS
- Hosted using Firebase

EDUCATION

Thang Long University

Information Technology

2020 - 2024

GPA: 8.44/10
